Moose Factory, Ontario

SUBJECT: PROPOSALS TO THE ABORIGINAL HEALING FOUNDATION

WHEREAS the Assembly of First Nations has funds available to member First Nations under the umbrella organization known as the Aboriginal Healing Foundation; and

WHEREAS these funds have been designated for "healing purposes only" and aimed towards the Indian Residential School Survivors and their offspring at the community level; and

WHEREAS there will only be a limited amount of dollars available to each community, which necessitates the need for the creation of cost effective community programs; and

WHEREAS it would be in the best interests of the member First Nations of the Mushkegowuk Council to ensure that there are no conflicting or competing applications among its members; and

THEREFORE BE IT RESOLVED that this Assembly recommends that when a Mushkegowuk First Nation applies to the Aboriginal Healing Foundation for funding that a copy of its proposal be circulated within the Mushkegowuk Council membership.
