**Mushkegowuk Council  
Kihchinaskishkatowin of the  
Omushkegowuk**

**Resolution No. 2020-01-07**

**FORT ALBANY HOSPITAL FACILITY  
IMPROVEMENT PROJECT**

**Whereas** the existing health care facility in Fort Albany is known in the regional health services system as the Fort Albany Hospital and was constructed during the period 1985-1987 and became operational in April 1987 with some facility upgrades throughout the years; and

**Whereas** for the past several years the local health providers administering health services out of the Fort Albany Hospital have been seriously challenged to provide and meet the current health service needs from the Fort Albany Hospital, including community wide health crisis, due to outdated and inadequate facilities; and

**Therefore be it resolved that** outdated and inadequate health service facilities is a major contributing factor to our health crisis and like all other citizens in Ontario have, the Fort Albany citizens and service providers deserve modern state of the art health care facilities; and

**Therefore be it further resolved that** in respect and honor of the Treaty promises and obligations, the Chiefs and delegates of this Kihchinaskishatowin of the Omushkegowuk calls on Canada, Ontario and Weeneebayko Area Health Authority to initiate in the very near future a Fort Albany Hospital Facility Improvement project.
